Dear Angeline,

TO WHOM IT MAY CONCERN

Since Johnson & Johnson established its regional Headquarter in Singapore in 1996, we have come to Art Line for your professional consultation on art and framework. You have indeed rendered us with your expertise and have delighted everyone of us on the quality of local fine arts making it a great workplace and a great workforce. Your substantial contribution with high standards of abilities in promoting locals arts is being well recognised.

Recently as we opened our new Research Center, you provided us with some high quality works and the setting in the office area is wonderful.

It is with great pleasure that I recommend Angeline highly without hesitation and look forward for a fruitful partnership .

Best regards,

Alain KHAIAT, Ph.D.
Vice President R&D
